

Palestinian Youth Network

Paris, France

21-30 November 2007

We would like to announce that our second conference will be held in Paris, France between the 21st to the 30th of November 2007, in coordination with the General Union of Palestinian Students (GUPS).

Applications:

Every organization or group may present five participant applications. Three of these five will be selected, with both genders taken in consideration. New participants will be favoured during the selection process. The deadline for applications will be the 1 August 2007. Coordination committee members will have to be in France two days before the start of the Summit.

Due to the increase in international participation as well as funding limitations, we will limit each country/group representation to three participants (not including coordination committee members). As such, we aim to ensure a diverse, gender-balanced and global representation.

Participation Criteria:

- Palestinian origin.
- 18-35 years of age.
- Must represent an individual organization or group
- Be fully committed to participate during the entirety of the Summit.
- Be committed to building the future of the Youth Network

All Applications must be sent to: pal.youth.network@gmail.com
