We hope that our website will be completed soon with a first list of participants and the suggested hotel for accommodation. We have planned all the talks to be of 30' and we will have parallel sessions if it is needed.

Some of the talks will be on applications in economics.

November 27, if the programme of talks has been completed, it is planned a voluntary excursion in some of the tourist places of Greece. In this conference we haven't fees except the participation in the possible tour.

It would be a great pleasure for us to have you this November in Athens.

With my warmest wishes,
