

DIRECTIONS FOR THE ORAL PRESENTATIONS OF FRIDAY, JAN 20, 2006

1. **Plan for a 10' presentation**, so that some time is left for 2-3 questions (strictly on the presentation) from the audience. In other words, you should be seriously concerned if your presentation exceeds about 12-15 slides.
2. Submit your general review to us by e-mail, the day before your arrival in Athens or earlier, so that we can store it in the central laptop that will be used for all presentation. This will help greatly to avoid undesired delays during the presentations.
3. Please let us know in advance of the workshop whether you would like to use other than Power Point means for your presentation.
4. Your contact person in Athens for presentation matters will be **Alexandros Valsamis** (valsamis@central.ntua.gr)
